

Accessible Instructional Materials - AIM

Regional Workshops

AIM - What Districts Need to Know: Selecting, Acquiring and Implementing Accessible Instructional Materials

Accessible Instructional Materials (AIM) are textbooks and core instructional materials provided in alternative formats, such as digital text, sound files, Braille and large print. AIM is a provision of IDEA 2004, and is a powerful tool for helping students achieve. Learn about the legal requirements of AIM and copyright law, student eligibility, resources for acquiring AIM for students, and processes for implementing AIM in your district.
